

General

My parents are visiting me in USA. They plan to stay for 5 months but may have to go back earlier. In this case, will I get a refund of the money I paid for travel insurance for the remaining period?

You must select a plan with 'refund on early return' benefit. Then, if your parents have to return early and there has been no claim in the policy, a proportional amount of money will be refunded as per the policy's terms and conditions.
