

Refund and Cancellation

I have been refused visa/ I have cancelled my visit and want to cancel my travel insurance policy. What should I do?

You can put in a service request using the link given below requesting for cancellation of the policy citing reasons for cancellation.

http://www.insurancepandit.com/support/service_request.php

If you request for cancellation after the departure date a copy of passport is needed to confirm that the trip has not been undertaken.

Please refer refund and cancellation policy of the respective company given on our website against each plan.
